

SARASWATI MAHILA MAHAVIDHYALAYA, PALWAL

LESSON-PLAN

Class: B.sc 1st Year
Sem)

Semester: Even (2ND

Subject: Diversity of Archegoniates

Session: 2020-21

Lecture Number	Topic
1	Unit-1 Bryophyta -General characters
2	Classification of Bryophytes(up to classes)
3	Alternation of generation
4	Evolution of Sporophytes
5	Economic importance of Bryophyta
6	Revision of General characters
7	Unit-2 nd Bryophyta-Structure and reproduction of Marchartia
8	Structure and reproduction of Antroceros
9	Revision of Marchartia
10	Structure and reproduction of funaria
11	Structure and reproduction of funaria
12	Unit-3 Pteridophyta-General characters
13	Classification of Pteridophyta
14	Alternation of generation
15	Heterospny
16	Apospory
17	Apogamy and economic importance
18	General account of stellar evolution

19	Revision of Alternation of generation
20	Test of classification of pteridophytes
21	General characters -revision
22	Unit4 Structure and reproduction of Rhynia
23	Structure of Selaginella
24	Reproduction of Selaginella
25	Structure of equisterum
26	Reproduction in equisterum
27	Reproduction in equisterum
28	Structure of pteris
29	Reproduction in Pteris
30	Revision of selaginella
31	Discussion of important Question of Selaginella
32	Revision of Equistern
33	Discussion of important Question of Equistern
34	Revision of Bryophyta
35	Revision of General characters
36	Classification of Pheridophytes
